

IT ONLY TAKES ONE PHONE CALL AND WE WILL HANDLE THE

REST. South Coast DME's Home Health Care services provide the highest level of Skilled Nursing, Physical/Occupational Therapy and Home Care. We offer specialized care within the comfort and safety of the patient's home. Our skilled staff works in collaboration with the client's primary care physician to ensure the best home health care experience available. We communicate directly with doctors and discharge planners to ensure prescriptive orders are closely adhered to. We also continually update the treating physician with current status reports regarding their patient's condition.

SKILLED NURSING SERVICES Registered Nurses (RN's) and Licensed Vocational Nurses (LVN) support physician patient directives with in-home care in:

- **IV Therapy**
- **Wound Care**
- **PICC Lines**
- **Monitoring of vital signs**
- **Diabetes Care**
- **Antibiotics**
- **Care Transitions**
- **Congestive Heart Failure (CHF)**
- **Medication Management and Compliance**
- **Home safety assessments**

PHYSICAL AND OCCUPATIONAL THERAPY SERVICES

Our physical therapy plan of care will include all recommendations made by your doctor and hospital discharge team. Recommended services might include working on range of motion, improving upper and lower body strength, creating safe and effective mobility options, protecting joints and ligaments, implementing a home exercise plan, treating edema or learning to use various durable medical equipment. We offer convenient scheduling options and, with no patient travel times involved, there are reduced opportunities for missed treatments. Patients get enhanced motivation with the ability to practice in the privacy & comfort of their own home where they get one on one time with their own personal therapist.
